

ACS 2916 Lab 5

Refer to the Level 0 DFD presented for the Integrated Production Processes system on nexus Lecture 11, slide 10 (Textbook Pg. 587). Study the portion of the figure and accompanying narrative in the textbook and/or slides that deals with the *product and production process design* only (bubble 1.0).

Prepare a Level 1 DFD for the *1.0 Design Product and Production Processes process*.

Hint: Identify a table of entities and activities first for the process based on the description of that process. You do not need to submit the table of entities and activities.

Submission:

Submit a .pdf file and a .vsdx file for the DFD diagram you create.
